BRAINERD, MINNESOTA, THURSDAY, OCTOBER 11, 1917

Price Two Cents

## FOUR MINUTE MEN TO BOOST THE SALE OF LIBERTY BONDS

### HOGS BRING \$60 IN SHIPPING ASSOCIATION

Shipping Livestock Through Brainerd Livestock Shipping Association Grows Popular

Car From Merrifield and One From Brainerd This Week---Farmers Satisfied with Returns

Shipping livestock through the Brainerd Livestock Shipping Association continues to be popular among the farmers. A carload was shipped from Merrifield on Tuesday of this week and one from Brainerd on Wednesday. Both cars were good stuff and as the market is creeping up, we may look for another lot of satisfied shippers.

Some interesting returns have come in from the shipment that was made last week. Torkel Thompson received \$298.12 for five hogs which was \$28 more than he had expected. He stated that he was well satisfied with the returns on the cattle he shipped.

Simon Frederickson expected to get \$98 for two head and realized \$105.66. He says that \$7.66 is paid interest on the quarter that he invested to join the Shipping association two months ago.

We haven't heard of anyone that was dissatisfied with the prices they received.

### POUR BEER INTO RIVER

Brewery Company Destroys \$69,516 Worth of Lager.

11,578 Cases Turned Into River to Escape Payment of War Tax.

Grand Forks, Oct. 11.—Stretching back through 36 cellars a foam bedecked stream trickled its way behind the East Grand Forks brewery to the Red Lake river, where it was lost to view. It started as a slender thread of brown, smelling of ripened hop fields, slowly moving down a runway and then out into a culvert, where it found its way to the river.

Presently a man waded up the stream and threw open the doors to the cellars, and the slowly moving thread became a rushing, tumbling mountain of foam, dashing along rapidly to the river, where it changed a narrow strip of the Red Lake river to a moving field of white.

11,578 Cases Real Beer. All of which is the preamble to a sad tale—the tale of the destruction of 11,578 cases of beer. It was real beer, which, at 25 cents a bottle, would cost the consumer \$69,516, and it was turned into the river without a bat of the eye.

As nonchalantly as though he were draining a cup of tea, Deputy Revenue Collector G. A. Aubol of St. Paul ordered the vats opened so the beer could flow into the river.

It was imperative, so far as the brewery was concerned, to empty the beer into the river at this time, as the new war tax, the beverage and liquor clause of which went into effect Oct. 3, raises the internal revenue tax from \$1.50 to \$3 a barrel. In order to escape the increased taxation, the beer had to be destroyed under the supervision of the internal revenue department.

Former Premiers Accused of Plots. Washington, Oct. 11.—Three former ministers of Greece accused of attempting the overthrow of the democratic system of government and the establishment of a regime of absolutism in favor of former King Constantine, will be tried by the Greek house of representatives sitting as high court of justice. An Athens dispatch to the Greek legation, announcing this, said a preliminary examination of former Premiers Gounaris, Scoufendis and La Bros had been concluded and that they were held.

### LaFollette Hearing Continued to Monday Think Lacks Proof

(By United Press) Washington, Oct. 11.—With full information on the LaFollette St. Paul speech the senate committee is postponing its hearing until Monday to collect all details. Reports of secret service men as to the Wisconsin senator's manner on the stage, the points he emphasized and his attitude toward the whole question of America's position in the war will be taken up. The authorities are inclined to think the charges against LaFollette are faulty because of lack of proof of deliberate willful intention to interfere with the conduct of the war.

### Movement to Oust Michaelis and Helfferich

(By United Press) Amsterdam, Oct. 11.—A formidable and open movement has been made in the Reichstag to oust Chancellor Michaelis and Vice Chancellor Helfferich and to reinstate Von Hollweg. Berlin dispatches report. Chancellor Michaelis' speech on peace terms received little applause.

### High Wind Breaks Wire Men Shocked

(By United Press) St. Paul, Oct. 11.—Seven men narrowly escaped electrocution and South St. Paul industries were left without electric power when high voltage wires broke in the wind. The men were shocked slightly.

### Wagon Drivers go on a Strike

(By United Press) Chicago, Oct. 11.—The produce business of Chicago was paralyzed when 600 to 700 wagon drivers went on a strike demanding higher wages. 300 commission firms were affected.

### Gets 20 Years

(By United Press) Davenport, Ia., Oct. 11.—Daniel H. Wallace, the Chicago organizer of the league of humanity, a pacifist organization, was sentenced to 20 years in the federal prison for violation of the espionage law.

### Street Car Trouble

(By United Press) St. Paul, Oct. 11.—Street car trouble has not ended. Organizer Shine having protested to the safety commission that the company is discriminating against the unionists.

LIEUT. COL. C. G. DAWES  
President of Chicago bank is put on staff of General Pershing

Lieut. Col. Charles G. Dawes, president of the Central Trust company of Chicago, has been taken from his post as second in command of the seventh railroad engineers and promoted to a place on the staff of General Pershing. Lieutenant Colonel Dawes' headquarters hereafter will be in Paris, it is said.

### Demand for Increased Wage Scale to be Made Railway Brotherhoods

(By United Press) Washington, Oct. 11.—A demand for a wage increase of probably 25 per cent is contemplated by four big railway brotherhoods according to Vice President Doak of the trainmen. Increased living costs without any wage increase since the war opened will be the basis of the demands. The first outright move toward the opening of negotiations without the railways may be taken October 25, and if agreed upon by the conductors, trainmen, firemen and engineers the demand will be made by acting as organizations. Vice President Doak did not believe that such a joint movement could get under full way until early next year.

### Nine Bombs Placed on Board Lusitania Before She Sailed

New York, Oct. 11.—Attorney Haf, German, indicated to the police department after a stiff questioning that nine bombs were placed aboard the Lusitania before she sailed on her last voyage.

GOVERNOR APPEALS TO STATE TO BUY LIBERTY BONDS  
Governor J. A. A. Burnquist of Minnesota in an official letter today to Chairman A. R. Rogers of the Ninth District Liberty Loan Committee called in all Minnesota to rally to the Liberty Loan and show the world the loyalty and patriotism of the American people. "No investment can be safer or better," said Governor Burnquist. "The money will be spent in our own country. Buying bonds means saving the lives of our boys, saving our money and an early and righteous peace."

Next week the Four-Minute men committee of the city will begin this unique campaign of education for the benefit of the public and will discuss, for a period of four minutes, the subject of Liberty Bonds and the duty of all who can possibly do so to take one or more of the bonds.

W. H. Gemmell, appointed chairman of the committee last July, has been called out of the city and has turned the work of organization and perfecting of details to Secretary Lincoln of the Chamber of Commerce. He has enlisted the services of Rev. R. G. Stacey and R. R. Gould who will be the four-minute men speakers next week and the management of the Best theatre has very kindly offered to co-operate and afford a period of four minutes preceding the regular show for this rapid-fire talk on an all-important subject.

The evenings on which 4-minute men will speak at the Best theatre next week are Wednesday, Friday and Saturday and the public is invited to take advantage of this additional feature of the splendid entertainment afforded at the Best and come prepared to hear a vitally important subject discussed in an intelligent, interesting manner and without the prospects of a laborious, wearisome lecture before them.

An important conference of the 4-Minute men of the state was recently held in Minneapolis and was attended by George D. LaBar, John A. Hoffbauer and Fred T. Lincoln. Interesting and valuable data and facts has been secured and will be disseminated by the speakers selected by Mr. Lincoln in a convincing, interesting manner. Hear the 4-minute men next week and then think over seriously the Liberty Bond proposition and what it means to the boys at the front and those who are doing their bit to help them win the world war before it comes home to our own shores.

BRIG. GEN. J. A. LEJEUNE  
Veteran may command marines mobilized in France

Brig. Gen. John Archer Lejeune of the Marine corps, whose assignment to the marine cantonment at Quantico, Va., has given rise to the report that he is to command the first division of marines to be mobilized in France. General Lejeune has been serving as assistant to General Barnett, the commandant of the Marine corps. He was graduated from the naval academy in June, 1888. In 1896 he was assigned to the Marine corps as a second lieutenant. General Lejeune has seen much service. He has been on duty in Panama, the Philippines and Mexico.

### Fuel Administrator Gives Fuel Relief

(By United Press) Washington, Oct. 11.—Relief for the Pennsylvania railroad which has been forced to confiscate coal was ordered today by the fuel administration. It was also announced that to relieve other shortages that special priority orders would be issued whenever necessary to care fully for domestic users, munition plants, firms making necessary articles and other railways are to get similar relief.

### Passenger Wreck

(By United Press) New Castle, Pa., Oct. 11.—One person was killed and many injured when a Baltimore and Ohio work train crashed into a passenger train at New Castle Junction this morning.

### GIANTS AND SOX TIE 2 GAMES EACH

New York Wins Today's Game 5 to 0 With Consistent Heavy Hitting, Schupp Pitching

Chicago Had Faber and Schalk as its Battery, Breaks Against the Windy City Nine

### Every Branch American Army Now in France

(By United Press) American Field Headquarters in France, Oct. 11.—Every branch of the American army is represented in France, heavy and light artillery and some cavalry is now preparing for the fighting service.

### Following Mutiny Germany will Sweep Away all Radicals

(By United Press) London, Oct. 11.—It is believed that the German military authorities will sweep away all radicals and eradicate all opposing elements by iron hand methods, following the suppression of the mutiny in the navy.

### Mutiny on Board the German Fleet is Significant

(By United Press) Washington, Oct. 11.—A leading cabinet member declares that the mutiny in the German fleet is by far the most significant happening in Germany since the war started. The mutiny signifies that the sailors realize that Germany will be ultimately beaten. The navy and state department believe that the German mutiny is perhaps the longest strike toward democracy in Germany that has leaked out, and as regards the mutiny it is far worse than indicated by the official admission.

New York won today's game in the world's series 5 to 0 from the White Sox, giving the men with the pale hose more of a shut-out than New York received in the first game of the series in Chicago.

The Giants' reversal of form has upset all forecasters on dope and betting odds have switched. The camp of the Sox is feeling rather glum, but determined to put up the fight of their lives when the next two games are played in the Windy City.

The score by innings: r h e Chicago.....000 000 000—0 7 0 New York.....000 110 12x—5 10 1 Batteries—Chicago, Faber and Schalk; New York, Schupp and Rariden.

Umpires—Rigler, Evans, O'Loughlin and Klein.

### GIANTS CAPTURE THIRD GAME

Hold Chicago Scoreless—Net Two Runs On Long Hits.

Polo Grounds, New York, Oct. 11.—The New York Giants broke the spell Wednesday and won their first victory in the 1917 world's series from the Chicago White Sox. The series now stands 2 to 1 for the Sox.

Cleotie and Schalk was the Chicago battery at the start of the game. Benton and Rariden worked for the Giants.

An early turnstile count indicated more than 35,000 persons jammed into the vast concrete and wooden stands of the Brush stadium, with more coming while play was under way.

The score by innings: 1 2 3 4 5 6 7 8 9 R H E Chicago.....0 0 0 0 0 0 0 0—0 5 3 New York.....0 0 0 2 0 0 0 0—2 8 2

### T. R. MAY YET LEAD DIVISION

Opposition in Washington Diminishing Springfield Republican Says.

Springfield, Mass., Oct. 11.—The Republican says: "Col. Theodore Roosevelt may be given a commission as a major general and authorized to raise a division to be recruited possibly from New England alone. At least it is intended that it shall be organized and equipped here. It is stated that opposition in Washington which forced defeat of the original plan of a Roosevelt division is now diminishing."

### MAY DRAFT ALL BOYS OVER 16

Subject to Call on Reaching Age of Twenty-One.

Washington, Oct. 11.—Representative Kahn of California, the Republican who led the administration forces in the House when the army draft law was passed, says a new draft act would have to be passed at the next session of Congress to reach the many young men who have become 21 years of age since May 18 last, and that it probably would amend the existing law so as to register youths from 16 or 17 to become automatically subject to call on reaching the age of 21. Mr. Kahn also said he intended to make a fight for a universal training law and an act to deal with alien slackers without violating treaty obligations.

French Block Peace, Says Teuton. Amsterdam, Oct. 11.—In addressing the reichstag, Foreign Secretary von Kuehlmann said, according to a Berlin dispatch, that, as far as he was able to view the world situation, there was no impediment to peace, no question which would not be solved by negotiations, except the French demand on Alsace-Lorraine. "Germany will never concede France's claims on Alsace-Lorraine. The integrity of a country can never be the subject of negotiations," declared Kuehlmann, according to the dispatches.

### Mr. Felsch Took Plenty of Time When He Broke the Giants' Hearts

This is Mr. "Happy" Felsch, centre fielder of the Chicago White Sox, in his great act of taking the heart out of the New York Giants in the first game at the world series in Chicago. In the fourth inning "Happy" caught one of the wide curves of "Slim" Sallee on the nose, and it sailed into the centre-field bleachers for a homer, under the rules. He took his time going around. At his left Sallee and Catcher McCarthy are shown holding a conference over the hit. Also at the left is Gandil coming up for his time at bat, and at the right is Umpire O'Loughlin rubbing his head in perplexity. He, too, wondered how Felsch did it.

**GERMANY BALKS AT PEACE PRICE**

French Demand for Alsace-Lorraine Declared Only Obstacle to Negotiations.

**ALL STAND TOGETHER**

People and Emperor Are Together on Position Chancellor Tells Reichstag at Plenary Sitting.

Amsterdam, Oct. 11.—Dr. George Michaelis, chancellor, at the plenary sitting of the reichstag, asserted that peace was impossible as long as Germany's enemies demanded any German soil or endeavored to drive a wedge between the German people and their emperor.

The speech of the chancellor was delivered during discussion of the resolution against propaganda in the army in favor of a German peace.

"The German nation will stand together as one man, unshakable and persevere in the fight until its right and the rights of our allies to existence and development are assured. In its unity the German empire is invincible," said the chancellor.

"We Can Wait," Declaration.

"As long as our enemies confront us with demands which appear unacceptable to every single German," said Dr. Michaelis, "as long as our opponents wish to interfere with our frontier posts, as long as they demand that we shall yield a piece of German soil, as long as they pursue the idea of driving a wedge between the German people and their emperor, so long shall we with folded arms refuse the hand of peace."

"We can wait. Time is working for us. Until our enemies perceive that they must reduce their claims, so long must the cannon speak and the U-boats do their work. Our peace will yet come."

**What Germany Will Accept.**

"We can accept a peace which guarantees the peasant the reward of his lands; which gives the workers merited recompense; which creates a market for industries and supplies the foundation for social progress; which gives our ships the possibility of a free voyage of entering ports and taking coal all over the world—a peace of the widest economic and cultural development; a real peace. This peace we can attain within these limits."

Foreign Secretary Von Kuehlmann also addressed the Reichstag. He declared in his opinion there was no impediment to peace which could not be solved by negotiations except France's demand for Alsace-Lorraine.

**The Burdens of Life.**

Money and time are the heaviest burdens of life, and the unhappiest of all mortals are those who have more of either than they know how to use.—Dr. Johnson.

### Black Silk Stove Polish

Is in a class by itself. It's more carefully made and made from better materials.

Try it on your parlor stove, your cook stove or your gas range. If you don't find it the best polish you ever used, your hardware or grocery dealer is authorized to refund your money.

There's "A Shine in Every Drop"

Get a Can TODAY

### How They Do It.

You have doubtless been thrilled by a jungle scene in the movies where a lion closely pursues the fleeing heroine. It is a real lion, too, and anybody can see that they are really running. It is all done by means of a treadmill upon which the lion is safely chained, though his bonds are not conspicuous. He is induced to run, the heroine marks time with all her might and a painted background of tropical scenery is moved past them at high speed on rollers.

### Musk Like Radium.

Musk has certain radioactive properties that cause the odor of the perfume to be carried through the air in a very extraordinary way. The radioactive property of musk affects very strangely the natives who carry it to market. If a package of musk is held close to the body for any length of time it produces sores that are described as being similar in character to those caused by pure radium.

### A Junk.

Junk is the name of a vessel in common use in the river and coastal trade of China. It is also used by the Japanese. The junk has a high forecastle and poop, and ordinarily three masts. Junks, although clumsy vessels, incapable of much seamanship or speed, have proved themselves very seaworthy. The junk of Japan is considerably superior to that used in China.

### "Efficiency Edgar's Courtship" at the Best Tomorrow

Efficiency is a terrible thing—it's all right in business, but that ought to be the end of it. When a chap begins to work it on his personal affairs—good-night! Ask Father Pierce—he'll tell you a few things. But you will surely admit Edgar had the right dope—candy, flowers, dog, follow-ups, and last of all, the saxophone. Wimple could play the guitar, and Mary liked him for it. Edgar couldn't play the saxophone—but he surely could attract attention. And, anyway, what chance did a mere guitar and modish clothes have against Edgar and efficiency? If you are having a hard time to land the "one girl"—see this picture at the Best theatre tomorrow.

### At the Best Tonight

Glorious scenery marks Harold Lockwood's Metro-Yorke production, "The Hidden Spring," to be shown at the Best theatre tonight. This feature photodrama has been pictured by Fred J. Balshofer from the novel of the same name by Clarence B. Kelland, and depicts life in and near an Arizona mining camp. Lockwood pictures are noted for the beauty of their photography and outdoor scenes. Antonio Gaudio is the cameraman in "The Hidden Spring," as in other recent Metro-Yorke productions, and the virility and bravery of the star himself must receive credit for the vigor and dash of this and other productions.

### TESTIMONY FAVORS DEFENSE

#### Keet Case Witness Disappoints the Prosecution.

Marshfield, Mo., Oct. 11.—The first important testimony in the trial of Claude J. Pierson, charged with kidnapping Baby Lloyd Keet last June, was directly favorable to the defense, it is believed.

The failure of Richard Crenshaw to identify Pierson positively as one of the men he saw loitering on the Crenshaw farm where Baby Keet's body was found in an abandoned well, was believed to have dealt a severe blow to the elaborately constructed case of the prosecution.

### Americans Given Medals.

Paris, Oct. 11.—The army medical service has awarded 11 silver-gilt, 50 silver and 75 bronze medals to workers in the American hospital in Neuilly. The recipients of the medals are 37 men and 99 women, most of them Americans.

## WOMAN'S REALM

### VAN VL'ET TO PLAY FRIDAY

Great Dutch Cellist Who Won Distinction in Europe to Play at Elks Halls Oct. 12

### AUSPICES OF THE MUSICAL CLUB

Program is Announced, Accompanist to be Harris Wall Johnson of Minneapolis

Cornelius Van Vliet, great Dutch cellist, will be heard in a concert program under the auspices of the Brainerd Musical club Friday evening, October 12, at Elks hall.

This is the program:

1. Solo-Sonata.....G. Valentini Grave-Allegro. Allegro (Tempo di Gavotta). Largo-Allegro (Finale)
2. Elegie.....Jas. Schraeverande Polonaise Fantastique.....F. Feral
3. Adagio.....Caldara (1671-1763) Deutscher Taur.....W. Mozart Gavotte (1763-1817)
4. To a Waterlily.....Ed McDowell To a Wild Rose.....Ed McDowell Tarantella.....D. Popper

Accompanist, Harris Wall Johnson of Minneapolis.

### BIRTHDAY SURPRISE

Mrs. Lizzie Lamson Guest of Honor at Party Given at Home of Her Daughter

Mrs. Lizzie Lamson was pleasantly surprised at the home of her daughter, Mrs. O. R. Law, on the occasion of her sixty-third birthday.

Those present included Mrs. O. E. Hieckether, Mrs. T. Johnson, Mrs. A. Wolhaus, Mrs. H. E. Smith, Mrs. Dennis and Mrs. L. Johnson.

Out of town guests were Mrs. L. J. Pratt of Duluth, Mrs. J. Dennis of Toledo, Ohio.

Mrs. Lamson was given many pretty gifts.

Gold Fish at Restaurant

A kind hearted old lady appealed to the Dispatch reporter to do something for the gold fish in the American Cafe on South Sixth street. The restaurant was closed five days ago and she is sure nobody has fed the gold fish.

### Celebrate Wedding Anniversary

Mr. and Mrs. A. B. Willing are today celebrating their first wedding anniversary. A year ago today they were married in St. Cloud.

### At the Empress Today

In "God's Law and Man's," the Metro-Columbia screen version of Paul Trent's novel, "A Wife by Purchase," directed by John H. Collins, which will be seen at the Empress theatre tonight, Viola Dana, the star, plays the part of Amelia, a little Hindoo girl, and dances the native Hindoo dances. Miss Dana's first appearance in public was as a dancer, and she is unusually proficient in the art.

Amelia, the heroine of the story, is destined for the worship of the temple of Krishna, whose priests demand the youngest and most beautiful girls to be brought to the temple. Kunda Ram, a native lawyer, imposes upon the superstition of her old nurse to send her there. She is saved by Claude Drummond, who is an English surgeon stationed in the region. Practices and ceremonies in connection with the native religion and superstitions are shown in detail, and the colorful life of the tropics is reproduced on the screen. Miss Dana as Amelia wears the native Hindoo costume, adorned by many strings of vari-colored beads.

"God's Law and Man's" affords Miss Dana the opportunity for strong emotional acting, combined with the winsomeness of manner that is peculiar to this little star.

### The Whole Neighborhood Knows

Mrs. Anna Pelzer, 2526 Jefferson St., So. Omaha, Neb., writes: "Foley's Honey and Tar cured my daughter of a bad cold. My neighbor, Mrs. Benson, cured herself and family with Foley's Honey and Tar, and in fact most everyone in our neighborhood speaks highly of it as a good remedy for coughs and colds." H. P. Dunn, druggist.—Advt.

### BENEFIT FOR RED CROSS

"Polly of the Circus" to be Presented at the Best Theatre Monday and Tuesday

### OCTOBER THE 15TH AND 16TH

Entire Circus Was Leased to Make This Goldwyn Picture, Life in the "Big Tops"

"Polly of the Circus," reproducing every detail of a big circus, will be presented at the Best theatre next Monday and Tuesday, October 15 and 16 as a benefit for the Red Cross.

An entire circus was leased to make this Goldwyn picture.

Even with the most elaborately equipped studios the director of the modern-day motion picture spectacle is frequently forced to take extreme measures to make a production, so varied are the requirements of the screen scenario.

Striking evidence of this occurred in the making of "Polly of the Circus," Goldwyn Pictures' first great production, of which Mae Marsh is the star.

For the proper production of Margaret Mayo's play of circus life it was, of course, necessary to have a circus. All the action of the story took place in or about the big top of a circus, with clowns, animals and other elements of "the big show" dominating the plot.

But there was no circus in the Goldwyn studios in New Jersey. The question, then, was how to get one. And this is how the necessary circus was acquired:

Charles T. Horan, who directed this huge picturesque spectacle, was passing through a little town in New Jersey when he saw a small circus coming into the town. It was a circus traveling by wagon through the small towns of New Jersey; just such a circus as the play required. There was very shortly a conference between representatives of Goldwyn and the owners of the circus, and an agreement was reached whereby Goldwyn leased the circus for a long enough period to complete the production of "Polly of the Circus." Sufficient remuneration was given the circus owner to appease him for the loss of his dates, and his show went bodily into the employ of Goldwyn.

It was with this equipment that Director Horan was able to put on a realistic parade through the streets, in which bands played and animals roared, and with which he was later able to stage the morning arrival and night-time departure of a circus in a small town. Finally a regular performance was given, with Mae Marsh and the other members of the cast playing the roles called for in the scenario.

Mr. Horan was, therefore, in possession of a well rehearsed circus outfit. He did not have to train men even to drive stakes or raise a centre pole. He had everything to make a realistic circus setting, including even the shell game men. The little circus lacked but one element. It had no elephants.

So the famous herd of Powers' trained elephants were rented from the New York Hippodrome. These elephants play baseball, tag and perform dozens of stunts in the picture, and there are many other performing animals, including the roller-skating bear, the clown's stubborn donkey that refuses to do anything, and the man-like chimpanzee, that smokes cigarettes and rides bareback like the daring human riders.

### Peer-Pier

Wednesday afternoon at the Methodist parsonage, occurred the wedding of Peter Peer and Hazel Pier, both of Ironton but formerly of Blue River, Wis. Their names are strangely similar differing only in one letter and they are both pronounced alike so there will not be much change in name for the bride. The ceremony took place in the presence of Mr. and Mrs. Bert Kyilo, the beautiful Methodist Episcopal ring service being used, Rev. F. W. Hill, pastor of the Methodist church, performing the ceremony.

The groom is the son of Mr. and Mrs. Jerry F. Peer of Blue River, Wis. The bride is the daughter of Mr. and Mrs. Byron Pier, also of Blue River, Wis.

The bride was attired in a green poplin travelling suit.

The groom is a promising young man who has just purchased a farm in Louis, Wis., where they will be at home to their many friends after November 1st, 1917.

Heartly congratulations go with them.

## WELL KNOWN CASHIER MARRIED

John Adelsich of the First National Bank and Miss Sever of Biwabik Wedded

### SMITH'S STUDEBAKER FOUND

Commercial Club to be Organized Soon in Ironton, Addition to Depot Being Built

Ironton, Minn., Oct. 11.—John Adelsich and Miss Angela Frances Sever, the daughter of Mr. and Mrs. Martin Sever of Biwabik, were married in Aurora. Mr. Adelsich is the well known cashier of the First National bank of Ironton.

Ironton was represented by Mrs. Guy Bye at the Crow Wing county branch meeting of the Woman's Auxiliary of the Public Safety Commission.

Work has been started on an addition to the Northern Pacific depot building.

A commercial club is to be organized in Ironton.

Ira W. Smith's Studebaker, stolen from him at the state fair grounds, has been recovered. Tires were the same, clothes were still under the seat covers as they had been left, but the number had been chipped off the engine, a new hood provided, cut out put in, and other alterations made. The man driving the car said he had bought it in Iowa for \$250.

M. B. Ellingson was at Duluth on business matters.

William Wearne returned Saturday from the officers training camp. Attorney Thomas W. Beare has returned from a business trip to Minneapolis.

Mrs. A. H. Proctor, Mrs. Moe, Mrs. McGuire and Mrs. Bernard motored to Brainerd Monday.

Mrs. Hill entertained a number of Ironton ladies Wednesday, the afternoon being spent in making comfort kits for the soldiers.

## LIBERTY LOAN BOND CAMPAIGN

A. J. Hayes, Cashier First National Bank of Crosby, is the County Chairman

### CROATIAN MINERS ORCHESTRA

To Play at Dance Given by Croatian Lodge—Cuyuna Range Horses in Races

Crosby, Minn., Oct. 11.—The second Liberty Bond sale is on with flying colors. A. J. Hayes is the county chairman and the meeting held at Crosby and attended by township and village officers was an enthusiastic one. Mr. Hayes is assured the county will respond well and the government quota called for will be covered.

Under a new postal law the Crosby postoffice becomes a sub-station with the Brainerd office as headquarters. All supplies will be furnished the local office from Brainerd.

The Croatian Miner's orchestra will play at the Croatian lodge dance.

Mr. and Mrs. Theodore Garceau are the parents of a baby boy.

The reception at the high school building given by the board for the faculty Tuesday evening was well attended. A program was given, following which dancing was indulged in.

Cuyuna range horses made a good showing at the Atkin county fair. Amar of John Humphrey of Deerwood won first honors. Queen L. of Capt. McBride of Manganese scored second. Dulla B. of P. Frenette of Crosby romped in third place.

The Catholic ladies of Crosby Beach and Lakeview held a card party in Odd fellows hall Friday evening.

Rev. B. A. Barker attended the Methodist Conference in Minneapolis.

Mr. and Mrs. George Murphy of Brainerd were guests of Mr. and Mrs. H. J. Linnemann.

Mrs. James Dawson was a guest of her sister-in-law, Mrs. E. E. McQuillin of Brainerd.

Mrs. Harry Koop and children are visiting relatives in Glendive, Mont.

Philmore Larson, employed by Lerch Bros. laboratory, died from injuries received in an auto accident.

Mr. and Mrs. Will S. Pitt have been visiting in Joplin, Mo.

### Women Have Their Troubles

Not only middle-aged women, but younger ones, too, suffer from backache, pains in side, swollen ankles, sore muscles, rheumatic pains and kindred ailments without knowing that these are most often the result of deranged or overworked kidneys. Foley Kidney Pills are good medicine for kidney trouble. H. P. Dunn, druggist.—Advt.

"HE PROFITS MOST WHO SERVES BEST"

## Healing Spray

The most successful way to treat bronchial or catarrhal troubles is to spray the inflamed parts with healing solutions, by means of an atomizer. We carry the kind of

### Atomizers

that throat and nose specialists consider best. Have them in splendid variety including both those for aqueous solutions and the styles made especially for oils.

## LAMMON'S PHARMACY

### Deer's "Velvet" Horns.

A deer's new horns are called "velvet" because they grow inside of a tough skin which is coarse and brown, like plush. For a long time he will not thrash his horns in the brush.

### She Paved the Way.

"How did you act when you asked him for my hand?" "Very gentle and courteous. It took me completely by surprise." "I told him you used to be a pugilist."

### Much Troubled.

Mrs. A.—"Are you troubled much in your neighborhood with borrowing?" Mrs. B.—"Yes, a good deal. My neighbors never seem to have anything I want."

### Had a Pull.

Casey—Finnegan got his loife insured last June an' he's dead so quick. Cassidy—Shure he must hav had a pull wid de insurance company.

## SALTS FINE FOR ACHING KIDNEYS

We eat too much meat, which clogs Kidneys, then Back hurts and Bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications. A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

The Factory is the Place to Buy Your

## Furs

Your Furrier

Good Furs are an investment and should be selected on that basis. The safe way is to buy from a concern that will tell you just what a fur is and what may be expected of it. Fur Collars and Cuffs added to your cloth coat. Ranging from \$5 up.

Your Flag and my Flag!  
And, oh, how much it holds  
Of your Land and my Land  
Safe within its folds.  
Your heart and my heart  
Beat quicker at the sight;  
Sun-kissed and wind-kissed,  
The Red, the Blue and White!  
The one Flag—the Great Flag!  
The Flag for me and you—  
Glorified the whole world wide—  
The Red, the White, the Blue!

## TAKES SCHOOLBOY ATTITUDE

(Duluth News Tribune)  
F. H. Carpenter of Minneapolis has given to the press a column or more of explanation as to why he was not elected Republican national committee man for Minnesota. He could have told it all in the few words—he did not have the votes.

Senator Kellogg did have the votes and had them without becoming a candidate or using and personal influence. As between the two, the Republicans, after reading Mr. Carpenter's effort to restore harmony, will be gratified at the choice.

Mr. Carpenter simply shows himself a bad loser. He says he wishes to clear his skirts of the charge of having forced a factional fight upon the party. "He then proceeds to do his level best to make a party split, and do this good and plenty."

He drags in Governor Burnquist to share his bed, a very questionable favor. He says (Minneapolis) was united in his own candidacy and that while the state has a normal Republican majority vote of 75,000, it was able in the last election to scrape but a bare plurality for the presidential candidate of the party.

He omitted to state what Minneapolis did in that election to deserve special favor, but implies that nothing better can now be expected from it in 1918 or 1920. From past experiences this probably is true.

## Application of Term Creole.

The term Creole is of uncertain origin, and has been applied to different race blends and mixed nationalities. George W. Cable, a native of Louisiana, which is sometimes called "the Creole state" and author of a novel entitled, "Old Creole Days," says: "The term did not first belong to the descendants of Spanish but of the French settlers. But such a meaning implied a certain excellence of origin, and so came early to include any native of French or Spanish descent by either parent, whose new allegiance with the slave race entitled him to social rank. Later, the term was adopted by, not conceded to, the natives of mixed blood, and is still so used among themselves. Besides French and Spanish, there are even, for convenience of speech, colored Creoles but there are no Italian or Sicilian, nor any English, Scotch or Irish or Yankee Creoles." In the West Indies and in Mexico the term was applied to whites of pure Spanish or French extraction, but in the United States it was applied also to persons of mixed negro blood.

## Value of Language.

Language is the amber in which a thousand precious and subtle thoughts have been safely embedded and preserved. It has arrested ten thousand lightning flashes of genius, which, unless thus fixed and arrested, might have been as quickly passing and perishing as the lightning. Far more and mightier in every way is a language than any one of the works which may have been composed in it. For that work, great as it may be, at best embodies what was in the heart and mind of a single man, but this of a nation. The "Iliad" is great, yet not so great in strength or power or beauty as the Greek language. "Paradise Lost" is a noble possession for a people to have inherited, but the English tongue is a nobler heritage yet.—Trench.

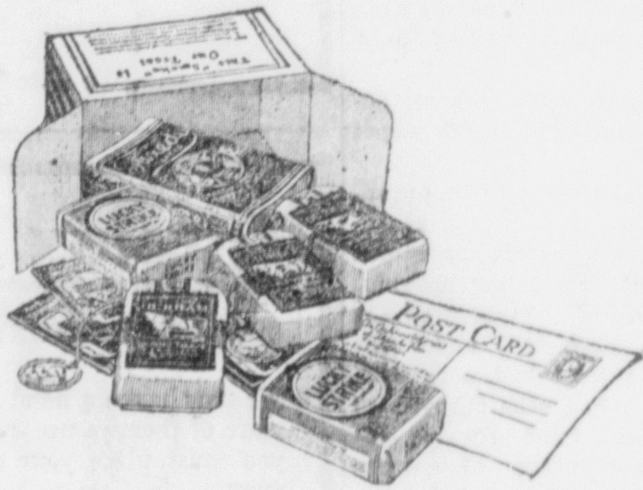

## WHEN A GOOD SMOKE HELPS

Every Soldier Gets Lonely and Homesick Sometimes, Home Tobacco Soothes Him

## GOOD SMOKES ARE SCARCE

25c Sent to the Dispatch Tobacco Fund Buys Almost Twice as Much as at Counter

Every soldier gets lonely and homesick—sometimes. The heart that beats beneath bronze buttons and khaki is still only human, of course. And when one of our boys gets that lump in his throat which he just can't swallow, there seems to be nothing that helps quite so much

WHAT A SOLDIER'S SMOKE KIT CONTAINS

as a good, cool, soothing smoke—the kind of smoke he used to have back home.

Good smokes have been pretty scarce in the trenches. But we've made it so easy for the folks at home to send on the right kind the boys want that now there's really no excuse any more for them to be without them.

Twenty-five cents sent to the Brainerd Daily Dispatch Tobacco Fund will purchase almost twice as much as you can buy yourself over the counter. They come packed in a nice kit, ready for sending; and in that kit is a postcard, stamped and addressed to the person who gave the quarter. The French and American governments and the Red Cross help us to do this. The tobacco is admitted duty free over there and the American stamp brings back the message to you, direct from the happy man who received your smokes. And when you read that soldier's message, you will say that it is the biggest quarter's worth of satisfaction you ever got for the money. Try it and see for yourself. Here is the 55 cents worth of tobacco which your quarter buys for the soldier:

- 2 Packages of Lucky Strike Cigarettes, retail price .30
- 3 Packages of Bull Durham Cigarettes, retail price .15
- 3 Books of Bull Durham Cigarette papers
- 1 Tin of Tuxedo Tobacco, retail price .10
- 4 Books of Tuxedo Cigarette papers

THE BRAINERD DAILY DISPATCH TOBACCO FUND  
Previously acknowledged.....\$211.00  
James M. Elder ..... 1.00

## BEST GRASS FOR DRY AREAS

Brome grass is probably the best of the cultivated grasses to grow in dry areas. When established it will furnish grazing early in the season, not so early as winter rye, but earlier than the native grasses.

It will also furnish grazing in the autumn proportionate to the amount of the precipitation.

During the entire season, therefore, it should furnish more grazing than the native grasses.

## Progress of Civilization.

The insane asylum as it exists today is a modern institution. Time was when people whose minds were distraught were permitted to mix with the world except when they developed violent symptoms making them obviously dangerous, and then they were confined, sometimes in chains, as if they were wild beasts, with no provision for medical attendance and physical comfort such as society accords them now. The modern attitude toward the problem of the community's responsibility for the care of the insane attests the growth of human feeling and marks the progress of civilization.

## Float in Seas of Own Making.

Up in the deserts of California, hundreds of feet above sea level, scores of great ships float in little seas of their own making. These are the gold dredges. The parts are hauled over a sage brush desert, and put together on dry land. The navigable water begins with a dry pit, in which the hull is assembled and calked. Water is brought from some creek, then the great steam shovel starts work, and presently the dredge is digging away into the soil with her chain of buckets, scooping it out to a depth of fifty or sixty feet, and always increasing the size of the lake in which she floats.

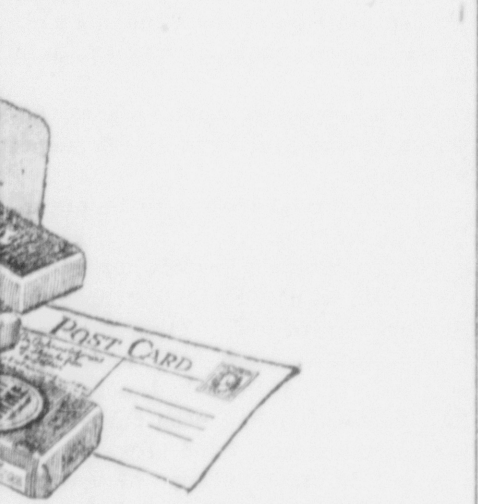

## IMPROVE ROADS NEAR DEERWOOD

Olsen Skau, Road Foreman. Putting up Fences at Dangerous Places to Warn People

## COUNTY ENGINEER IN VILLAGE

Norwegian Ladies Aid Will Hold a Parcel Sale at Aid Hall on Saturday, Oct. 20

Deerwood, Minn., Oct. 11.—Fred Knuppel, brother of Prof. Wm Knuppel of Deerwood, won 18 prizes at the Aitkin county fair. Mr. Knuppel owns land in Crow Wing and Aitkin counties, and farms equally well

WHAT A SOLDIER'S SMOKE KIT CONTAINS

in both counties.  
C. C. Adams has returned from a business trip to St. Paul.

Mr. and Mrs. R. R. Graham are the parents of a pretty baby girl.

The Bay Lake Fruit Growers Association is erecting an addition to be used for storage purposes.

The Norwegian Ladies Aid will hold a parcel sale at the aid hall on Saturday afternoon, October 20.

Miss Agnes Berthiaume has returned from Minneapolis where she spent her vacation.

Mrs. H. J. Ernster attended the Brainerd Musical club meeting on Wednesday.

Thomas Keating has returned to Minneapolis after spending several days on the range.

Dangerous places on the Bay Lake and Aitkin roads are to be guarded by board fences erected by Road Foreman Olsen Skau, similar to the system in vogue on Elwell highways.

A crew of the Northern Pacific railway is constructing a telegraph line from Ironton to Deerwood, installing a loop system that will take care of train orders and other railroad business.

Jay McCarvill is having a hot water heating plant installed by Wm. Maley.

County Engineer C. L. Mott of Brainerd was in town.

Miss Anna Ringhand visited with friends in Brainerd.

## WARFARE TO BE DIFFERENT

Armies of Future Will Have Strong Artillery and Few Infantrymen, Each Heavily Armed.

The army of the future will have an immense equipment in artillery; the infantry will be few in number, but heavily armed, each man with a machine gun, capable of holding a width of front that otherwise would need a company armed with rifles. Trench warfare, at any rate on the scale that has been witnessed in France, will disappear, for the airplane will overleap the trenches and substitute a war of movement for a war of fixed positions, says H. Sidelbotham in the Atlantic.

The airplane will be used, not only as at present for reconnaissance work, signaling ranges to the artillery, for raids on communications, and for bombing a retreating army, but also for the transport, on a large scale, of infantry. One can easily imagine airplanes sufficiently large to carry 50 or even 100 infantrymen. A hundred such planes could transport an army of 10,000 with incredible rapidity to any point behind the hostile line desired by the general in command. Such movements will make trench lines obsolete. The whole art of war will have to be rewritten from its elements. The development of the uses of the airplane will change the strategical and tactical direction of the war, from a game comparatively elementary, like draughts, into an elaborate and complicated game like chess, with greater variety of moves and endless possibilities of fresh combinations. Such a game will be too difficult to be fought with millions. With proper use of mechanical invention a company of men will be able to do the work of a division in this war. We shall go back to the days of small professional armies of long training and high technical equipment; the great general of the future will be he who is able to divine best all the possibilities of this new war movement, and military power will no longer depend on numbers, but on the genius of the direction and the technical accomplishments of a comparatively few human instruments.

## DEATH BLOW FOR FOOD HOARDING

Government Control of Virtually All Foodstuffs in Effect November 1.

## EDICT FROM PRESIDENT

Wilson Issues Proclamation Licensing Manufacture, Storage and Distribution After First of Month.

Washington, Oct. 11.—President Wilson has issued a proclamation in which government control of foodstuffs, to take in virtually the essential articles of diet, is made. He directs the food administrator to license, beginning November 1, the manufacture, storage, importation and distribution of about 20 prime commodities. Many small dealers are exempted, as are farmers, who were especially excepted in the food control act.

The move was forecast in a previous statement by the food administration declaring it was necessary to prevent unreasonable profits and to stop hoarding and speculation.

Quotes Food Control Act.  
After quoting the food control act, under which the action is taken, the President's proclamation says:

"It is essential, in order to carry into effect the purposes of said act, to license the importation, manufacture, storage and distribution of necessities to the extent hereinafter specified: All persons, firms, corporations and associations engaged in (1) operating cold storage warehouses (a cold storage warehouse, for the purpose of this proclamation, being defined as any place artificially or mechanically cooled to or below a temperature of 45 degrees, Fahrenheit, in which food products are placed and held for 30 days or more), (2) operating elevators, warehouses or other places for storage of corn, oats, barley, beans, rice, cottonseed, cottonseed cake, cottonseed meal or peanut meal; or (3) importing, manufacturing (including milling, mixing or packing, or distributing (including buying or selling) any of the following commodities:

"Wheat, wheat flour, rye or rye flour.  
"Barley or barley flour.  
"Oats, oatmeal or rolled oats.  
"Corn and Corn Products.  
"Corn, corn grits, cornmeal, hominy, corn flour, starch from corn, corn oil,

corn syrup, corn glucose.  
"Rice, rice flour.  
"Dried beans.  
"Pea seed or dried peas.  
"Cottonseed, cottonseed oil, cottonseed meal.  
"Peanut oil or peanut meal.  
"Soy bean oil, soy bean meal, palm oil or copra oil.  
"Oleomargarine, lard, lard substitutes, oleo oils or cooking fats.  
"Milk, butter or cheese.  
"Condensed, powdered or evaporated milk.  
"Fresh, canned or cured beef, pork or mutton.  
"Poultry or eggs.  
"Fresh or frozen fish.  
"Fresh fruits or vegetables.  
"Canned peas, dried beans, tomatoes, corn, salmon or sardines.  
"Dried prunes, apples, peaches or raisins.  
"Sugar, syrups or molasses."

Allied Officers to Instruct U. S. Men.  
Camp Grant, Rockford, Ill., Oct. 9.—British and French officers will arrive here "sometime this month" to assist in instructing national army men in modern warfare.

The five British officers are experts with machine guns and trench mortars and in bayonet fencing and sniping. The five French officers are specialists in artillery, bombing, grenade work and pioneering.

## Two U. S. Soldiers Wounded.

Paris, Oct. 10.—Robert Lamon of Evanston, Ill., and Henry Thompson of Greenville, Del., members of the munitions transport section of the American field service, were wounded by a German shell while on duty near the front. It is reported their injuries are not serious.

## An Improvement on Nature.

A certain Chicago pork pucker, visiting the mountains, was one of a group witnessing a gorgeous sunset in a sky just streaked with lights that reminded one of the glories of the aurora. "Yes," he said, when asked how he liked it: "It certainly is a mighty colorful sunset—certainly is! By the way, I want to show you one my daughter painted!"—Richmond Times-Dispatch.

## Products of Genius.

There is not a bit of routine, however cheap our unthinking mind may count it, that was not started by genius. The fundamental facilities of life, the things we use as carelessly as we tread the pavement—the very fire we light, the tools we handle at our work, the food we eat—each represents some early triumph of man's spirit.—Exchange.

# Actual Service Gives Leadership To Firestone SUPER CORD TIRES

THE leadership of the Firestone Super Cord has been won solely on construction producing unequalled strength, durability and flexible action. The body is built of walls of stout cord. Each cord imbedded in pure gum, no two cords ever touching to cause friction. The cushion (which is under tread to absorb shocks) is a thick layer of pure gum. The tread is tough and thick. The beads which hold the tire to the rim are specially reinforced. The side wall is also reinforced, giving extra strength against rim-cut, and raising bending point safely high. Users of Firestone Cord Tires are getting the highest average mileage enjoyed by car owners.

That motorists find extra values in Firestone Tires is proved by the fact that our sales increased 72 per cent this year up to Sept. 1st. Our total business this year will exceed \$60,000,000.

 +\*\*\*\*\*

Last night the young men marched in a body to the tabernacle from the Methodist church, where they had enjoyed a supper prepared by the ladies. They entered the tabernacle singing the chorus "Brighten the Corner Where You Are," and were heartily applauded.

Among the visitors from out of town last night were Dr. Ferrell of Duluth, who led the congregation in prayer. The special music of the evening was a duet by the Misses McCague and Beck.

Dr. Bromley announced his subject as "Hell's War Tax on Manhood" and took his text from James 1:15: "Then lust when it is finished bringeth forth sin, and sin when it is finished bringeth forth death."

A vivid and forceful sermon was preached on the power and terror of sin in human life, at the close of which a number of men and women came forward, indicating their desire to live the Christian life.

## BRAINERD'S ODDEST STORIES OF TODAY

Chief John D. Gile yesterday sold his fur coat for \$15 and figured at the time that it was too warm for a policeman to wear. He then invested in a mackinaw. Today the wind blew through the mackinaw and John tried to buy back his fur coat, but the other fellow would not sell.

Dynamite has also been found in odd places in Minneapolis, according to newspaper reports. Such widespread burying of dynamite there and the explosive found in Brainerd yesterday leads some to believe that it may have been hidden by plotters against the government.

## NEW WESTERN UNION MANAGER

Harry Schuminski of Cloquet Succeeds Herbert R. Denzene in Brainerd

Herbert R. Denzene, Western Union manager at Brainerd a year and a half and who formerly came from Portage, Wis., has joined the signal corp in Louisville, Kentucky. He was a model manager and made hundreds of friends for himself and the company.

Denezene was succeeded today by Harry Schuminski of Cloquet, where the latter was working six months. Mr. Schuminski is married and his wife will come as soon as he can find a place.

## CASE OF DESTITUTION

Family of Mother and Five Little Ones Left on South Side, Father Gone Five Days

Police report a case of destitution at 315 South Quince street where H. W. Sherman, a paper mill worker, has left his family. He had been working at the paper mill the past twelve months and drew his time.

Card of Thanks  
 We wish to thank all the friends who gave us aid and comfort during the burial of our wife and daughter.  
 ALVIN HAVENS,  
 MRS. BLISS.

## LIBERTY BOND MEETING FRIDAY

Mayor R. A. Beise Emphatic, Councilmen and City Officials Must be Present

### DRAFTED IN ORGANIZATION

Federal Government is Back of the Call, Banks Represented at Last Night's Meeting

The called meeting at the city hall last evening by Mayor R. A. Beise in the interests of the Liberty Bond campaign was not as well attended as was hoped for and in consequence has been adjourned over to Friday evening at 8 o'clock when every councilman and city official will be expected to be present.

Mayor Beise has been drafted for the work of organizing the city campaign for the sale of Liberty Bonds and every city official, especially the members of the council, are to consider themselves as called for this service. Only four members were present last evening and the mayor is decidedly emphatic in his statement today to the effect that no flimsy excuses will be accepted tomorrow night.

The federal government is back of this call and it is hinted on pretty good authority that unless members of the council are present Friday evening and assist in the perfecting of the campaign organization, they will be called to an accounting.

The banks were represented at the meeting last evening and those city officials who were present manifested a keen appreciation of the importance of the work they are called to do. The time to begin the campaign for the sale of Liberty Bonds is here and Mayor Beise is very much interested in having every member of the council and all city officers as well as others interested present at the meeting Friday evening.

## SECOND QUOTA TO LEAVE SOON

Unofficially the opinion had been expressed in Brainerd that the next quota would not leave for Camp Cody for a month or more.

This seems to have been upset by this story from the Duluth News Tribune:

The second quota of certified men for the national army draft will leave Duluth and the various counties for Camp Dodge Oct. 21. The date of departure was fixed by the adjutant general's office at St. Paul and made public yesterday.

The magnitude of getting the first contingent settled in their quarters at Camp Dodge has necessitated a delay in mobilizing the second contingent. Conditions are adjusting themselves at the camps and cantonments so that the second quota will be able to leave on the date set.

## ROLL OF HONOR

Dr. H. G. Ingersoll gave a dinner last night at his home, 224 North Fifth street, in honor of Clyde E. Parker and Dr. P. L. Berge, called to the colors and who expect to leave shortly. Those present were Mal D. Clark, Walter F. Wieland, F. E. Stout, C. A. Albright, F. G. Hall, Thomas Beare, Jr., C. W. Hoffman, Dr. R. A. Beise and Robert Campbell. F. G. Tracy has gone to Camp Funston, Kansas, and will serve under the colors.

Ralph W. Smith today joined the medical corps, his application having been taken by Corporal Raymond Lowery.

Towne D. Hayes, son of Mr. and Mrs. J. M. Hayes, in D Battery, 25th Cavalry at Fort Russell, Wyoming, has been made a sergeant.

## SCHOOL DISTRICT NO. 86

Town of Rail Prairie, county of Morrison, state of Minnesota.  
 We, the undersigned school board of said district, do hereby agree to receive sealed bids for the erection of a new school house on section 12-32-38 at 1 o'clock P. M. on the 15th day of Oct., 1917, at the school clerk's office at Ausland, Minn., according to plans and specifications. The building must be completed on the 15th day of Dec., 1917. There will be a blue print with specifications at the First National bank at Little Falls, Minn., one at First National bank at Brainerd, Minn., and one at the school clerk's office at said place.

All bidders will be obliged to furnish all material, with a certified check of 4% of the actual cost of the building. The board reserves the right to reject any and all bids.  
 J. K. AUSLAND,  
 P. J. PROSSER,  
 A. C. STROMING.

## CHAMBER MEETS OCTOBER 24

Regular Meeting Last Night Deferred, Committee on Committees Meets This Afternoon

### TO FILL TWO VACANCIES

Rev. G. P. Sheridan Resigns From the Committee, Howard W. Kitchen Went to Tacoma

The regular meeting of the Chamber of Commerce scheduled for last evening did not materialize because of other meetings calling the members and lack of sufficient notice.

The next regular meeting is to be held on Wednesday, October 24 and it is necessary that members arrange their affairs and plan to attend. It is possible that the house and social committee will arrange that famous pan-cake supper for that evening, this to be announced later and at any event, an interesting meeting is certain and every member urged to be present.

The committee on committees will meet this afternoon at 5 o'clock to name two members of the advisory board whose places are made vacant by resignation and removal from the city. Rev. George Phil Sheridan who has been one of the most active workers in the Chamber and whose influence and council in the advisory board has been most valuable, has tendered his resignation because of his health and the duties of his pastorate and the same has been accepted with keen regret but with appreciation of the motives which prompt it.

Howard Kitchen, a member of the advisory board, has removed from the city and his place will be filled at the meeting this afternoon.

### Rev. Sheridan's Letter

Rev. Sheridan's letter of resignation follows:  
 Oct. 10, 1917.

Mr. Fred T. Lincoln,  
 Sec. Brainerd Chamber of Commerce  
 My dear Lincoln:

In the interest of my own health and the activities of the Chamber of Commerce I ask you to present my resignation as Chairman of the Educational committee.

I regret to do this, but being a past officer of the club I am fully cognizant of the fact that an inactive chairman means dead wood on the advisory board, and at this time you need all the co-operation possible.

This does not mean my interest in the club has, or will wane; I feel sure you realize that it is a great sacrifice on my part not to be as active as my inclinations would lead me, but "Orders is orders" and I must obey.

If at any time I can serve you I shall be most happy if time and strength will permit.

Accept my congratulations on the good work you have done and are doing.

Believe me,  
 Very sincerely your friend,  
 REV. GEO. PHIL. SHERIDAN.

## CARD OF THANKS

We wish to thank our many kind friends and neighbors who have so willingly assisted us during the death and burial of our wife and mother, also for the floral offerings.  
 11p. Mrs. John M. Cain and Family.

## GRAIN AND LIVE STOCK.

Minneapolis Grain.  
 Minneapolis, Oct. 11.—Oats, December, 56½c; May, 58½c.  
 Duluth, Oct. 11.—Flaxseed, October, \$3.92; November, \$3.92; December, \$3.92.

Chicago Grain.  
 Chicago, Oct. 11.—Corn, December, \$1.13½; May, \$1.08½; oats, December, 57½c; May, 59½c.

South St. Paul Live Stock.  
 South St. Paul, Oct. 11.—Railroads entering the yards reported receipts for the day by loads as follows: Milwaukee, 14; Rock Island, 1; Omaha, 5; Great Northern, 14; St. Louis, 14; Northern Pacific, 50; Soo, 20.

Cattle—Receipts, 29,000; unsettled; native steers, \$7.10@17.50; western steers, \$6.25@14.50; stockers and feeders, \$6.15@11.40; cows and heifers, \$5@12.25; calves, \$9.50@16.

Sheep—Receipts, 26,000; weak; wethers, \$9.10@13; lambs, \$13.50@18.25.

Butter, Eggs and Poultry.  
 Minneapolis, Oct. 11.—Butter—Creamery extras, per lb., 42½c; extra firsts, 41½c; firsts, 40½c; seconds, 39½c; dairy, 27c; packing stock, 37c.

Eggs—Fresh, prime firsts, new cases, free from rots, small, dirties and checks out, per dozen, 37c; current receipts, rots out, \$10.20; checks and seconds, dozen, 29c; dirties, candied, dozen, 29c; quotations on eggs include cases.

Live Poultry—Turkeys, fat, 10 lbs and over, 18c; thin, small, unsalable; cripples and culls, unsalable; roosters, 14c; hens, 4 lbs and over, 21c; 2 to 3 lbs, 19c; under 2 lbs, 16c; ducks, old, 12c; duck, young, 14c; springs, 19c; geese, 15, 8c.

## 2 MUSKETEERS AT WORLD'S SERIES

Ed Orth, Art Drogseth and J. A. Larson Have Wonderful Experiences to Tell

### ORTH GOT BADLY SQUEEZED

Crowd of Fans Jammed Him Against Stone Wall in Rush for Entrance to Park

Ed Orth, A. P. Drogseth and J. A. Larson have returned from Chicago where they saw the White Sox win the first two games. It was a wonderful experience for them.

At the first day's game they formed in line and the files stretched out miles from the park and people were camping in the streets. Fires burned to warm up the fellows. Camp chairs rented \$1 a piece. Gates opened and the crowd moved in a mass.

Orth, who is 6 feet tall, got caught in a jam and was rolled like a cigarette against an unyielding wall.

"I'm a man with a family at home in Brainerd," said Orth in his appeal to fellow fans. "I can't afford to get killed here."

Police worked in to him, got him by the ankles and hoisted him over a wire fence and Orth never did see the first game.

He went to a picture show and the doors closed just as he stepped on the threshold.

"House is filled," said the man.

He then tried a theatre and another sign popped up, "House Sold Out."

Drogseth saw both games, so did Larson, but not a man of the party met the other after they once separated in Chicago.

Drogseth came home with 15 cents to the good. Larson drifted to town three days after the series.

"It's a great experience," was the consensus of their opinions.

## HAS ARM TORN FROM ITS SOCKET

Frank J. Prosser of Ausland had an arm torn from its socket while oiling a threshing engine. Set-screws in the machinery caught his clothes. The arm in being wrenched almost to pieces, was broken and big gashes were cut under both arms.

Prosser was taken to St. Joseph's hospital in Brainerd where surgeons are working to save the arm. He is 38 years old, is married and has a little daughter aged 7. He is a brother of J. P. Prosser, Brainerd plumber.

## English Oak Disappearing.

English oak, says a book called "Amateur Joinery in the Home," is the most beautiful and durable of all the varieties of oak suitable for joinery, but it is liable to warp unless thoroughly air-dried and seasoned by exposure. "We have known boards sawn from beams, taken out of houses more than 100 years old, to warp immediately to a considerable extent," the authors state. The finest quality of this wood is now by no means common, though at one time vast forests of oak covered the greater part of England.

## Odd Names in New York.

For odd names New York takes the prize. Almost every calling is represented among the names of New Yorkers, besides every title, physical, mental or moral quality and every beast and bird familiar to man. Here are some New York names: Outlaw, Hogg, Gosh, Dorn, Jolly, Nutty, Looney, Kidder, Toot, Hurt, Fake, Grunt, Barnall, Fun, Laffers, Krizzly, Guyer, Bank, Tough, Pain, Crook, Gee, Damn, Wit, Mutt, Batty, Stringer, Fight, Brawl.

## Argentina Gum in Demand.

Among the Argentine industries which have benefited because of the suspended importation resulting from the European war, that of pitch gum is found to be of importance. The pitch gum of Argentina is sold under the name of Arabic gum and is used in the manufacture of candles. This product is now being used extensively instead of the imported article and efforts are being made to exploit its cultivation and production.

## Rubbing It In.

An organist in a Welsh cathedral recently scored over the dean and chapter. The authorities had attempted to displace him, but he obtained an injunction restraining them. On the following day the unrepentant organist greeted the entrance of the bishop and clergy with the well-known tune, "Fixed in His Everlasting Seat."

## Narcopolis.

Ever wonder what the matter was, after eating, when that drowsy feeling overcame you? When you felt you'd give almost everything for a little sleep? Joe Kelsey of the city health division has discovered what that is. It is narcopolis. And narcopolis results from "motor deficiency" of the stomach—Toledo News-Bee.

## YOUNG MEN'S BANQUET GIVEN

Entertained at Rooms of Methodist Church, all Plates Quickly "Hooverized"

### LADIES FURNISHED SUPPER

Ingolf Dillan Toastmaster, "Charlie" Wieand in Rapid Fire Talk to the Boys

The young men's banquet at the Methodist church last night brought together a crowd which filled the tables and at a given signal soon "Hooverized" the plates of their quota.

Mr. Hoover has urged that nothing be wasted, that plates be "cleaned" at a meal and the way those plates were "cleaned" would have delighted his heart.

Ingolf Dillan was toastmaster. Prayer was offered. He called on his committee members and in a lengthy address limited his men to three words a piece, which certainly was a record for short after-dinner speaking.

Dr. Ferrell of Duluth gave a glowing address and urged men to join the ranks and fight the cause of Christianity.

Dr. Joseph Nicholson spoke on the soldier boys at the front, and gave an eloquent address.

A quartet sang and was repeatedly encored.

"Charlie" Wieand gave a rapid fire talk on Christianity and how big corporations donated regularly to the church and even kept ledger accounts on time and money donated. The young men of Brainerd should unite in church work and make it a factor in the life of Brainerd.

## BIDS WANTED FOR THE TABERNACLE

Bids wanted for the Tabernacle property as it stands. Bids will remain open until Friday, October 19th, 1917. The committee reserves the right to accept or reject any or all bids. Send bids to George A. Tracy, Hayes Bldg., Brainerd, Minn. 11013

## CANADA COAL EMBARGO ENDS

U. S. Decides Northwest's Supply Is Not Endangered.

Washington, Oct. 11.—The embargo on coal shipments to Canada has been lifted by the fuel administration which decided that shipments can go forward through lake ports without endangering the supply of the northwestern states.

Fines or imprisonment or both may be the penalty inflicted by the government upon those anthracite and bituminous coal operators refusing to abide by terms of the fuel control act, or who are disregarding the prices fixed by the president's proclamation of last August, setting forth terms under which coal should be sold at the mines.

## Standard Oil Employees Get Raise.

New York, Oct. 11.—F. W. Weller, vice president of the Standard Oil company of New Jersey, announces a ten per cent increase in the wage scale of refinery employees. The increase does not affect men working on a salary basis. This is the fifth increase granted since July, 1915, and will affect approximately 2,000 men. The raise will take effect Oct. 15.

## Arrested for Shortage.

Kenmare, N. D., Oct. 11.—Olaf L. Tofner, postmaster at Kenmare, is under arrest charged with misappropriating government funds. The alleged shortage is said to be \$200.

## Pretty Silk Petticoats

No matter what the shade of your skirt we have a petticoat that will be suitable to wear with it. There is a large number for you to select from and all are conveniently displayed in our garment section.

## Corset Service

Many are the women who have purchased good corsets but for lack of knowledge have not selected the right styles nor have they adjusted them properly. The result is discomfort in wear and a poorly corseted figure.

## Our Corsetieres

We have graduate corsetieres who are thoroughly trained to suggest the proper corset for you and then to properly adjust it so that you accentuate the very best lines and do it with comfort. Free to purchasers of our corsets.

H. F. MICHAEL CO.

## Hunting Season Is Now Here

We will sell guns and ammunition at the following prices, until further notice. Compare these prices with "catalogue" prices:

Remington hammerless pump gun	\$30.50
Winchester hammerless pump gun	30.50
Remington Automatic	37.50
Remington automatic, with rib.	42.50
Winchester hammer, take down	25.00
Winchester hammer, solid frame	23.00

Arrow and Leader Shells, 3½ dram loads, chilled shot, \$1.00 per box

Nitro Club and Repeater .95 per box

## White Bros.

Hardware and Sporting Goods

Tel. 57- 616 Laurel St.

LOST—In downtown district, gold locket, Masonic emblem engraved on same. Reward. C. D. Lucas, assistant engineer roadmaster's office, N. P. railway. 1579-10813p

LOST—One black combination card case and wallet, containing personal cards, telegraph cards and money. Finder return to W. A. Eastling, 923 Holly street and receive reward. E. G. Marshall. 1595-11013

# LOT TO WRECK ROAD EXPOSED

Germany Ordered Destruction of Canadian Pacific in 1916, U. S. Proves.

## TELEGRAMS PUBLISHED

Secret Messages Between Bernstorff and Berlin Propose Sabotage and to Get Majority in Congress Favorable to Germany.

Washington, Oct. 11.—According to fresh revelations made by the state department the German general staff, in January, 1916, proposed that the Canadian Pacific railway be destroyed at several points; proposed sabotage in the United States; and Count Johann von Bernstorff proposed to get a majority in both houses of Congress favorable to Germany in September, 1916.

### O'Leary Mentioned.

The name of Jeremiah O'Leary of New York, editor of Bull, an Irish-American publication, is mentioned in one of the telegrams and the name of Dr. Hale (probably William Bayard Hale, a Berlin correspondent) also appears in the messages.

### Zimmermann Orders Crime.

The state department's announcement said:

"The secretary of state publishes the following two telegrams from the German foreign office to Count Bernstorff in January, 1916:

"Jan. 3. Secret. General staff desires energetic action in regard to proposed destruction of Canadian Pacific railway at several points with a view to complete a protracted interruption of traffic.

"Captain Boehm, who is known on your side and is shortly returning, has been given instructions. Inform the military attaché and provide the necessary funds.

"—Zimmermann."

### "Reliable Conspirators."

"January 26. For military attaché. You can obtain particulars as to persons suitable for carrying on sabotage in the United States and Canada from the following persons: E. Joseph MacGarrity, Philadelphia, Pa.; 2. John P. Keating, Michigan avenue, Chicago; 3. Jeremiah O'Leary, No. 16 Park Row, New York.

"One and two are absolutely reliable and discreet. No. 3 is reliable but not always discreet. These persons were indicated by Sir Roger Casement. In the United States sabotage can be carried out on every kind of factory for supplying munitions of war. Railway embankments and bridges must not be touched. Embassy must in no circumstances be compromised. Similar precautions must be taken in regard to Irish pro-German propaganda.

### "Representative of General Staff."

Tries to Influence Congress. "The following telegram from Count Bernstorff to the foreign office in Berlin was sent in September, 1916:

"Sept. 15.—With reference to report A. N. Two hundred and sixty-six of May tenth, nineteen sixteen. The embargo conference in regard to whose earlier fruitful co-operation Dr. Hale can give information is just about to enter upon a vigorous campaign to secure a majority in both houses of congress favorable to Germany, and requests further support. There is no possibility of our being compromised. Request telegraphic reply."

Secretary Lansing said the telegrams had not been sent through the state department, thus leaving the inference that they must have moved through one of the neutral legations.

### Proves Bernstorff Was Director.

In this latest exposure the state department believes it has removed the last doubt that Count von Bernstorff was the directing head in America of the German machine for espionage. The revelations of the part played by Jeremiah O'Leary was not unexpected and the fact that his name was suggested by Sir Roger Casement, who later was executed in England for treason, already had been indicated in earlier disclosures made by the department.

May Be "Wilson's Biographer." The injection of the name "Dr. Hale" into the German organization was something of a surprise, however, and gave immediate rise to speculation as to just what individual was meant. Dr. William Bayard Hale, acting as a newspaper correspondent, was then in Germany and admittedly close to the Berlin government.

Dr. William Bayard Hale was a special representative of President Wilson in Mexico in 1913 and was frequently referred to as the president's biographer. Early in the war his articles from Berlin attracted attention by reason of the intimate relations he seemed to have with high officials of the German foreign office.

Mrs. Hale was with him in Ger-

many. She also wrote many articles that were calculated to give the world the most favorable impression of Germany's aims and methods of warfare. She was one of the leaders in the woman's movement to obtain an embargo on arms and ammunition and came with a committee to Washington that presented to the administration a petition signed by many thousands of women, appealing for restriction on shipments of munitions.

### Conference "Support" Sought.

An interesting statement in one of the telegrams is the reference to the embargo conference which the German government understood was about to endeavor to secure a majority in congress favorable to Germany. The declaration that this conference "requests further support" suggests inquiry into what measure of assistance, and of what character, had already been advanced to the organization by the German embassy.

Publication of the German foreign office's message referring to Jeremiah O'Leary caused many smiles of satisfaction at the White House. It was recalled that during the last presidential campaign, O'Leary, as president of the American Truth society, telegraphed the president that he and many other Americans would not vote for Mr. Wilson on account of his international policy.

### Wilson's Reply to O'Leary.

The president replied under date of Sept. 29, 1916:

"Your telegram received. I would feel deeply mortified to have you or anybody like you vote for me. Since you have access to many disloyal Americans and I have not I will ask you to convey this message to them.

"—Woodrow Wilson."

Presumably these papers form part of those taken by the American secret service men in the raid on the office of Wolf von Igel in New York.

### O'Leary Makes Denial.

New York, Oct. 11.—Jeremiah O'Leary, president of the American Truth society, denied here he had ever had anything to do with pro-German sabotage in munitions plants in this country or knew anything about it.

"The Zimmermann message, if genuine, is a complete surprise to me," he declared.

"My work has been out in the open. I have been connected with no secret intrigues."

## MUD PREVENTS HAIG ADVANCE

Troops Are Compelled to Return to Main Body.

British Front in France and Belgium, Oct. 11.—The British and French armies, who had made such a spectacular assault over the Flanders bog lands against the German defenses east and north of Ypres, were digging themselves in along a line that represents an important gain. But the never-ending reaches of almost bottomless mud had during the last 24 hours robbed Field Marshal Haig's men of some of the laurels which they had won in such remarkable manner.

Over much of the front involved small bodied of hardy pioneers, who floundered forward through merciless morasses to the most forward positions that were reached, had been forced to fall back and rejoin their comrades on the main line of the advance. In some places this was due in part to German counterattacks, but for the main part the terrible condition of the ground was responsible.

Even those rain-drenched, mud-caked weary men were still reaching out for more ground.

## MUTINY IS CAUSE OF DELAY

Make Teuton Naval Attack on Russia Impossible Now.

Amsterdam, Oct. 11.—From a trustworthy source in close touch with Berlin, it is learned that the mutinous outbreaks on the German fleet upset the entire German campaign against Russia, forcing the postponement, if not total abandonment, of a naval attack on Petrograd and Helsingfors.

## BRITAIN COMMANDEERS RUM

Announces All Dealings, Without Consent, Must Cease.

London, Oct. 11.—Beginning Oct. 10 the admiralty announces that it will commandeer all rum in the United Kingdom. No one owning or controlling stocks of rum shall, without the consent of the admiralty, buy, sell, remove or otherwise deal in it.

## Nationwide Milk Trust in U. S.

Chicago, Oct. 11.—Robert W. Childs, assistant United States district attorney, and E. B. Perrigo, federal investigator, are said to have evidence of a nationwide understanding among dairymen, as disclosed in the documents seized in recent raids on the offices of the National Milk Producers association with headquarters in New York. The organization is said to have been established for the purpose of organizing the dairymen in various districts, after which creameries and condenser works are built.

## Oregon Denies Seeking Loan.

Chicago, Oct. 11.—The scheme of Foreign Secretary Zimmermann of Germany to involve Japan and Mexico against the United States was regarded in Mexico as "only a German intrigue to stir up trouble." That was the declaration of General Alvaro Obregon, former Mexican minister of war, who was here en route to Washington. Obregon said the Mexican government had retired practically all worthless paper currency. He denied he was here to negotiate a loan.

## NOTICE OF SALE OF PERMANENT IMPROVEMENT REVOLVING FUND COUPON BONDS.

Public Notice is Hereby Given that sealed bids for the purchase of Twelve Thousand Dollars (\$12,000.00) Permanent Improvement Revolving Fund Bonds of said City of Brainerd, Crow Wing County, State of Minnesota, will be received and considered by the City Council of said City on the 5th day of November, 1917, at eight o'clock P. M., at the Council Chambers in the City Hall in said City of Brainerd.

Said bonds are to be issued for the purpose of establishing and maintaining a Permanent Improvement Revolving Fund, are to be dated September 1, 1917, and be in denomination of \$1,000.00 each, bearing interest at the rate of Five Per Cent (5%) per annum, payable semi-annually, and to mature and be payable September 1, 1927; both principal and interest to be payable at the office of the Wells-Dickey Trust Company in the City of Minneapolis, Minnesota. All tenders to purchase must be without condition or qualification, and be accompanied by an unconditional certified check in the amount of Two Thousand Dollars (\$2,000.00). Said bonds will be ready for delivery at the time of the sale, and will be accompanied by the approving opinion of R. C. Andrews, Esq., of Minneapolis, Minnesota.

Bids should be addressed to the undersigned. This Notice is Given by authority of a resolution adopted by the City Council of said City. Dated at Brainerd, Minnesota this 8th day of October, 1917.

A. MAHLUM, City Clerk. Oct 11-18-25

Brainerd, Minnesota, October 8th, 1917.

A Regular Adjourned Meeting of the City Council of the City of Brainerd, in Crow Wing County, State of Minnesota, was duly held pursuant to adjournment, at the Council Chambers in the City Hall in said City, on October eighth (8), 1917, at eight (8) o'clock P. M., there being present the following members: Pres. Koop, Anderson, Hall, Lyons, Stallman, Ole Anderson, Gustafson and Turcotte. Absent: Strickler and Peterson.

The meeting was called to order by President Koop, and the minutes of the previous meeting were read and approved. Alderman Hall then offered the following resolution:

Whereas, on the fifteenth (15) day of September, 1917, a resolution was duly adopted by the City Council of the City of Brainerd authorizing the sale of bonds of the Permanent Improvement Revolving Fund of said City to the amount of Twelve Thousand Dollars (\$12,000.00);

And Whereas by reason of the insufficient publication of the notice of sale required by the City Charter to authorize such sale; and it appearing by proper resolution that there were authorized to be issued Permanent Improvement Revolving Fund Coupon Bonds of the City of Brainerd, Crow Wing County and State of Minnesota, in the amount of said Twelve Thousand Dollars (\$12,000.00) for

the purpose of establishing and maintaining a Permanent Improvement Revolving Fund;

Now Therefore, be it Resolved by the City Council of the City of Brainerd that the said resolution hereinbefore mentioned adopted September fifteenth (15), 1917, fixing date of sale of said bonds to take place October 8th, 1917, be and the same hereby is rescinded and repealed, that is, so much thereof as fixes said date of sale October 8th, 1917, and no more.

Be it Further Resolved that the Clerk of said City advertise for a period of at least three (3) weeks in the Brainerd Daily Dispatch, the same being the official newspaper of said City, published in the City of Brainerd, Crow Wing County and State of Minnesota and designated by the City Council as the official paper in the said City of Brainerd, that bids will be received for the purchase of said bonds on the fifth (5) day of November, 1917, at eight (8) o'clock P. M.; and that said bonds will be offered for sale at the time and place and on the terms set out in said Notice of Sale, which shall be substantially the following form:

### NOTICE OF SALE.

"Public Notice is Hereby Given that sealed bids for the purchase of Twelve Thousand Dollars (\$12,000.00) Permanent Improvement Revolving Fund Bonds of said City of Brainerd, Crow Wing County, State of Minnesota, will be received and considered by the City Council of said City on the 5th day of November, 1917, at eight o'clock P. M., at the Council Chambers in the City Hall in said City of Brainerd. Said bonds are to be issued for the purpose of establishing and maintaining a Permanent Improvement Revolving Fund, are to be dated September 1, 1917, and be in denomination of (\$1,000.00) each, bearing interest at the rate of Five Per Cent (5%) per annum, payable semi-annually, and to mature and be payable September 1, 1927; both principal and interest to be payable at the office of the Wells-Dickey Trust Company in the City of Minneapolis, Minnesota.

All tenders to purchase must be without condition or qualification, and be accompanied by an unconditional certified check in the amount of Two Thousand Dollars (\$2,000.00).

Said bonds will be ready for delivery at the time of the sale, and will be accompanied by the approving opinion of R. C. Andrews, Esq., of Minneapolis, Minnesota.

Bids should be addressed to the undersigned. This Notice is Given by authority of a resolution adopted by the City Council of said City. Dated at Brainerd, Minnesota this 8th day of October, 1917."

A. MAHLUM, City Clerk.

The foregoing resolution was duly seconded by Mr. Stallman and upon being put to a vote was unanimously adopted as follows:

Ayes: Pres. Koop, Anderson, Hall, Gustafson, Lyons, Stallman, Ole Anderson and Turcotte. Nays: None.

Whereupon the President declared the resolution duly adopted

and the meeting was duly adjourned. F. M. KOOP, President.

Attest: A. MAHLUM, City Clerk.

State of Minnesota, County of Crow Wing, ss.

I, A. Mahlum, Clerk of the City of Brainerd, said County and State, hereby certify that the above and foregoing constitutes a true and correct copy of the resolution duly adopted by the City Council of said City of Brainerd at a regular adjourned meeting held on the 8th day of October, 1917.

(Seal) A. MAHLUM, City Clerk.

### Snakes in Australia.

Australia is said to have about 100 species of snakes, three-fourths of them venomous. The big pythons and rock-snakes are harmless, but as one travels from the various tropics southward the dangerous varieties increase in number, and in Tasmania all are venomous, though only five are really deadly.

### Heard in Court.

"Your honor, I acknowledge the reference of the opposing counsel to my gray hair. My hair is gray and it will continue to be gray as long as I live. The hair of that gentleman is black and will continue to be black as long as he dyes."—Boston Transcript.

### Always a Possibility.

"If I were a young man again," said a mechanic in middle life, "I would go to the farm and become independent, and nothing could hold me." Is every young man sure he won't be saying the same thing some day?—St. Louis Pioneer Press.

### Better to Play Fair.

"De man dat's afraid to take his share of de risk," said Uncle Eben, "takes bigger chances dan de man dat plays fair. I learned dat watchin' what happened to a feller dat got his se'f ketched cheatin' in a crap game."

### Testing Damp Sheets.

A simple test for damp sheets is the following: Place a mirror between them for a few minutes. If the surface clouds over, discard the sheets and sleep between the blankets.

## Killed by Poisons

All scientists agree that poisonous products in the blood are eliminated by the kidneys. The kidneys act as a kind of filter for these products. When the kidneys are changed or degenerated, by disease or old age, then these poisons are retained in the body. If we wish to prevent old age coming on too soon, or if we want to increase our chances for a long life, Dr. Pierce of the Invalids' Hotel, Buffalo, N. Y., says that you should drink plenty of water daily between meals and with your meals to flush the kidneys. Then procure at your nearest drug store Anuric. This Anuric drives the uric acid out. If we wish to keep our kidneys in the best condition a diet of milk and vegetables, with only little meat once a day, is the most suitable. Drink plenty of pure water, take Anuric three times a day for a month. Anuric is many times more potent than lithia and dissolves uric acid as hot water does sugar.

## HOT FLASHES AND PAIN.

Little Falls, Minn.—"Some years ago I was all run-down and weak. I also had gastric stomach trouble. Dr. Pierce's Favorite Prescription and Golden Medical Discovery cured me and built me up in the best of health. About three years ago I became run-down again. I would have hot flashes and severe pains in my back and side; this was due to my age. It was only necessary for me to use just a few bottles of the 'Prescription' at this time to bring me through this period in splendid shape. There is no better medicine for women. I am glad to recommend it."—MRS. C. FRIEND, 61 3rd Street N. E.
